

**S.R. 200**  
**PD&E STUDY REEVALUATION**

## S.R. 200 PD&E Study Reevaluation

From U.S. 41 to north of the Marion County  
Line, Citrus County, Florida  
WPI Segment No: 257188 1  
FAP No: FL62-020R

### **PUBLIC INVOLVEMENT PLAN**

In accordance with Part 1, Chapter 8 of the "Project Development and Environment Manual" this Public Involvement Program is submitted to the District Environmental Management Office (EMO) Engineer for review and approval.

Approved: \_\_\_\_\_  
District EMO Engineer

Date: \_\_\_\_\_

Florida Department of Transportation  
District 7, Tampa, Florida

October 2000

# ***PUBLIC INVOLVEMENT PLAN***

This Public Involvement Plan for the S.R. 200 PD&E Study Reevaluation has been prepared in compliance with the Florida Department of Transportation's *Project Development and Environment (PD&E) Manual*, Florida Statutes 339.155, Executive Orders 11990 and 11988, CEQ Regulations for Implementing the Procedural Provisions of the National Environmental Policy Act, and 23 CFR 771.

The Florida Department of Transportation (FDOT) recognizes that the success of any transportation improvement is dependent upon a successful public outreach effort. Therefore, FDOT is committed to conducting a proactive Public Involvement Plan that focuses on soliciting community interaction throughout the project development process. It is believed that the positive value of implementing a strong public involvement effort will result in public awareness of and support for the project.

This document outlines the various methods by which the FDOT will disseminate project information, and solicit input from the community regarding local values and concerns. The Public Involvement Plan will be updated and amended throughout the project development process as necessary. The Plan indicates the public involvement approach to be taken with the project and lists generally the contact persons, media, officials, and agencies, and the means used to involve them in the process. The FDOT will prepare responses to public inquiries as a result of the public involvement process. The collection of public input will occur throughout the project's duration.

## ***I. DESCRIPTION OF PROPOSED IMPROVEMENT***

<b><i>Project Name:</i></b>	S.R. 200 Project Development and Environment (PD&E) Study Reevaluation
<b><i>Federal-Aid Program No.</i></b>	FL62-020R
<b><i>Work Program Item Segment No.</i></b>	257188 1
<b><i>Project Limits:</i></b>	S.R. 200 from U.S. 41 to north of the Marion County Line, a length of approximately 6.7 miles (Figure 1).
<b><i>Proposed Activity:</i></b>	This Reevaluation will use current data to re-assess the effects of implementing the recommendations of the original PD&E study from S.R. 45 in Citrus County to C.R. 484 in Marion County, which was approved as a Type II C.E. by the Federal Highway Administration (FHWA) in November 1996. The original recommendations may be modified to further minimize the effects. As part of the Reevaluation, the engineering and environmental documents prepared in the previous study will be updated taking into account any changes that may have occurred since its approval.
<b><i>Level of Significance:</i></b>	Reevaluation of a Type II Categorical Exclusion

(Figure 1 – INSERT MAP)

## **II. IDENTIFICATION OF CONCERNED PUBLIC**

The following federal, state, regional, and local agencies may be involved with this project due to jurisdictional review or expressed interests. Federal, State, and regional agencies were contacted directly by the Department through the Advance Notification process at the outset of the project in accordance with Part 1, Chapter 2 of the PD&E Manual. As other concerned public agencies are identified during the Reevaluation, they will also be listed and contacted. The names and addresses of the contact persons at each of the agencies and departments are contained in Appendix A.

### ***Federal / State / Local Agencies / Organizations:***

#### **Federal**

Federal Emergency Management Agency (FEMA), Division Administrator  
Federal Highway Administration (FHWA), Division Administrator  
U.S. Department of the Interior, U.S. Geological Survey (USGS), Chief  
U.S. Army Corps of Engineers (COE), Regulatory Branch, District Engineer  
U.S. Department of Health and Human Services, Center for Environmental Health and Injury Control  
U.S. Department of Housing and Urban Development (HUD), Regional Environmental Officer  
U.S. Fish and Wildlife Service (USFWS), Field Supervisor  
U.S. Environmental Protection Agency (EPA), Region IV, Regional Administrator

#### **State**

Florida Department of Environmental Protection (FDEP)  
Florida Department of State, State Historic Preservation Officer (SHPO)  
Florida Fish and Wildlife Conservation Commission (FWC)

#### **Regional**

Withlacoochee Regional Planning Council  
Southwest Florida Water Management District (SWFWMD)  
Ocala/Marion County Metropolitan Planning Organization (MPO)

#### **Other**

Seminole Tribe of Florida, Chairperson  
Muskogee (Creek) Nation of Oklahoma, Principal Chief  
Seminole Nation of Oklahoma, Principal Chief  
Poarch Band of Creek Indians of Alabama, Chairperson  
Miccosukee Tribe of Indians of Florida, Chairperson

## **Local**

- **Citrus County**

Administrator  
Development Services  
Engineering Division  
Parks and Recreation  
Public Works  
Utilities Department  
Property Appraiser  
Sheriff's Office  
School Board Superintendent

- **Marion County**

Administrator  
Community Services  
Engineering Division  
Parks and Recreation  
Planning Department  
Utilities Department  
Property Appraiser  
Sheriff's Office  
School Board Superintendent

## ***Federal / State / Local Elected and Appointed Officials***

The following elected and appointed officials have a direct or expressed interest in the project study and will be contacted by the FDOT. Addresses for each of these individuals are provided in Appendix B.

## **Federal**

U.S. Senator Robert Graham  
U.S. Senator Bill Nelson  
U.S. House of Representatives, Karen Thurman, 5<sup>th</sup> Congressional District  
U.S. House of Representatives, Clifford G. Stearns, 6<sup>th</sup> Congressional District

## **State**

State Senate Representative, Richard Mitchell, District 4

State Senate Representative, Anna P. Cowin, District 11

State House Representative, Will Kendrick, District 10

State House Representative, Perry C. McGriff, Jr., District 22

State House Representative, Dennis K. Baxley, District 24

State House Representative, Nancy Argenziano, District 43

## **Local**

- **Citrus County**

Board of County Commissioners

- The Honorable Roger Batchelor, Chairman, District 1
- The Honorable Gary Bartell, District 2
- The Honorable Vicki Phillips, District 3
- The Honorable Jim Fowler, Vice Chairman, District 4
- The Honorable Josh Wooten, District 5

- **Marion County**

Board of County Commissioners

- The Honorable Andy Kesselring, District 1
- The Honorable Larry Cretul, Chairman, District 2
- The Honorable Parnell Townley, District 3
- The Honorable Randy Harris, Vice Chairman, District 4
- The Honorable Steve Henning, District 5

### ***Neighborhood Relations:***

To facilitate public participation and support, local civic groups and organizations have also been identified. Public interest groups will be contacted at the onset of the project to obtain local knowledge, values, and concerns for use in the development of the conceptual design alternatives. These groups will be kept informed throughout the course of the Reevaluation to ensure their input is incorporated into the project development process. As other concerned interest groups are identified throughout the Reevaluation, they will be listed and contacted.

- Citrus County Chamber of Commerce
- Ocala / Marion County Chamber of Commerce

### III. PUBLIC NOTIFICATION

The following methods will be employed to notify the public of the proposed S.R. 200 improvements and to solicit public input during the Reevaluation.

- **Mass Media, Newspapers, Radio Stations, and Television Channels:** The following will be utilized if necessary to provide public notices, news releases, public service announcements, news items, and interviews to the general public.

NEWSPAPERS		
Citrus County Chronicle 1624 N. Meadowcrest Blvd. Crystal River, FL 34429	The Newscaster - Weekly P. O. Box 447 Yankeetown, FL 34498	St. Petersburg Times-Citrus County Edition 490 First Avenue South St. Petersburg, FL 33701
The Star-Banner P.O. Box 490 Ocala, FL 34478		

RADIO		
1450 WWJB AM 55 West Fort Dade Avenue PO Box 1507 Brooksville, FL 34605	Sunshine 720 WRZN 3988 North Roscoe Road Hernando, Florida 34442	95.3 WXCX FM Citrus 95 West Wind Broadcasting Co. 600 SE Hwy 19, Suite B Crystal River, FL 34429

TELEVISION		
WOGX-TV Channel 51 FOX 1551 SW 37 <sup>th</sup> Avenue Ocala, FL 34474	WTSP-TV Channel 10 CBS 11450 Gandy Blvd. N St. Petersburg, FL 33702	WTOG-TV Channel 44 UPN 365 105 <sup>th</sup> Terrace N.E. St. Petersburg, FL 33716
Bay News 9 7901 66 <sup>th</sup> St. N. Pinellas Park, FL 33781	WFLA-TV Channel 8 P.O. Box 1410 Tampa, FL 33601	WFTS-TV Channel 28 ABC 4045 North Himes Ave. Tampa, FL 33607

- **Legal / Display Newspaper Advertisements:** A quarter-page legal advertisement announcing the Public Workshop will be published 5-12 days prior to the Public Workshop in the area newspaper(s) having the largest daily circulation. A subscription to the St. Pete Times-Citrus County will be delivered to the Department's consultant throughout the project duration. A chronological file of pertinent newspaper clippings will be maintained in the project files.

- **News Releases to Local Media:** News releases will be prepared by the EMO Community Involvement Specialist for distribution to the media by the District Public Information Officer.
- **Project Mailing List:** Invitational and Information letters - A mailing list will be established, and the following groups will be contacted to obtain input into the project development process and/or to provide project information and introduce opportunities for public comment:
  - Those whose property lies in whole or part within 300 feet on either side of the centerline of the proposed facility (Florida Statutes 339.155). The property owner list will be compiled from the Citrus County Property Appraiser’s office utilizing the most current tax maps and ownership records
  - Elected and appointed officials in the area (city, state, federal, county) and community leaders who have been identified or have requested to be placed on the mailing list for this project
  - Public and private groups, organizations, agencies, businesses, or individuals that request to be placed on the mailing list for this project
  - Neighborhood/Civic Associations in the area
  - Media in the project area that have been identified and placed on a mailing list to be used for news release/distribution, advertisements, or any other concerns

#### **IV. PUBLIC MEETINGS**

Prospective sites for all public information meetings will be inspected for suitability. Consideration will be given to location, parking, seating capacity, sound system, lighting, display space, restrooms and any other physical constraints which influence the viability of the site including compatibility with the terms of the Americans with Disability Act (ADA) of 1990.

The following public information meetings will be held to involve the public and interested agencies in the project development process and to inform interested parties of the project’s current status:

- **Coordination Meetings with Local Officials** - A meeting will be held prior to the Public Workshop to inform local officials, the Board of County Commissioners (BOCC), Metropolitan Planning Organization (MPO), Technical Advisory Committee (TAC), and Citizen’s Advisory Committee (CAC) of the project status, specific design concepts, and to receive comments.
- **Public Workshop** - It is anticipated that one Public Workshop will be held for this Reevaluation. The Workshop will be conducted at a location near the project and at convenient hours to accommodate and promote attendance. The Workshop will be conducted by the FDOT and advertised as an informational meeting with a formal portion. Board mounted exhibits, concept plans, project brochures, and reports will be available which illustrate various improvements and alternatives under consideration.

The FDOT will individually notify elected and appointed officials on Department letterhead at least 25 days prior to the Workshop. Letters on Department letterhead will also be sent to all parties on the updated mailing list at least 21 days prior to the Workshop. A memorandum with a location map will be sent to the FDOT's Community Involvement Specialist for submittal to the Central Environmental Management Office and the Public Information Office for distribution.

A briefing meeting will be held 1 week prior to the Public Workshop with the project team to discuss potential public issues or concerns. The Public Workshop will present to the public the results of the Reevaluation to date and allow the public to express their concerns, ask questions, and make comments for project files. The Workshop will follow an informal and formal format with separate adjacent (if possible) rooms for audio/visual presentations and project displays.

Following the Workshop, a debriefing meeting will be held within 10 days with the project team to identify, review, and discuss comments and issues expressed by the public at the Workshop and respond to them, as necessary on Department letterhead.

Responses to all written questions and comments not answered at the Workshop will be made in writing and summarized in a *Comments and Coordination Report*. Some comments may require immediate response to the commentor based on the comment received.

***Potential Workshop Sites:***

Hernando Elementary School  
2353 North Croft Avenue  
Hernando, FL 34442

Inverness Middle School  
1950 North Highway 41 North  
Inverness, FL 34450

Dr. N. H. Jones Elementary School  
1900 S. W. 5th Street  
Ocala, FL 34474

***Title VI Civil Rights Act:*** Notification during the Public Workshop will be provided in the presentation, in the handout, and through the availability of personnel involved in the Title VI Program and the Relocation Program which complies with Title VIII.

***Americans With Disabilities Act Compliance:*** Notification of the FDOT's intent to comply with the Americans With Disabilities Act (ADA) will be provided in the public advertisements and invitational letters to the Public Workshop, by handout, and by the selection of a Public Workshop site that meets all the ADA requirements.

## **V. PUBLIC WORKSHOP SCRAPBOOK**

A Project Scrap Book for the Public Workshop shall be created. The book will be 11 x 17 in size, and may contain, but not be limited to the following materials:

- cover page with a short project description
- WPI Segment Number, FAP Number, and County
- project location map
- information about the Workshop such as the date and location, and the total number of people in attendance
- brief description of all the alternatives evaluated and the alternatives that were shown
- all display graphics that were shown
- a list of all reports that were displayed
- copies of the sign-in sheets

## **VI. ANALYSIS AND EVALUATION OF PUBLIC INPUT**

The project team will monitor the public's perception of the project. Public input will be documented by written reports of telephone conversations and requests for information. The FDOT will receive copies of all pertinent public input received from concerned parties throughout the Reevaluation duration. A public involvement file will be created to document any public involvement and requests for information from any individual.

## **VII. COMMENTS AND COORDINATION REPORT**

A *Comments and Coordination Report* will be developed to summarize the coordination with local officials. The report will also summarize the comments and responses, results, and recommendations of the Informal Meetings and Public Workshop. The report will contain other public involvement techniques utilized in the study process such as the Advance Notification responses.

## **VIII. RECOMMENDATION NOTICE**

A legal notice announcing the approval by the FHWA of the Reevaluation and its recommendations will be prepared by the Department and published in *St. Pete Times – Citrus County Edition*. A letter will be sent to all individuals on the mailing list (including property owners, elected officials, and agencies) to notify them of FHWA approval of the Reevaluation. This letter shall include the date the Reevaluation was signed by the FHWA, a brief description of the alternative selected, the schedule for the remaining phases, and the name of the design project manager (if it has been assigned).

## **IX. PUBLIC INFORMATION DURING DESIGN AND CONSTRUCTION**

Additional public information techniques such as a Community Awareness Plan will be employed during the Design and Construction phases following the PD&E Study phase to keep the public informed of the project's design and construction status.

## **X. SUMMARY**

The Public Involvement Plan will actively encourage and facilitate the involvement of federal and state agencies, elected officials, special interest groups, citizen groups, and the general public throughout the reevaluation process. For this project, the plan consists of several individual components: a project kickoff letter; the development of a mailing list; availability for small group and elected officials meetings; an invitation for citizens to call, ask questions, and provide comments; notification to the media; a Public Workshop; and a Comments and Coordination Report.

The Public Involvement Plan presented will encourage public and agency involvement throughout the Reevaluation process. As a result, potential alternatives based on recent data will be identified and critical issues will be analyzed and incorporated into the alternatives analysis.

The ready availability of the project team by phone, mail, and meeting should guarantee an accurate flow of information to the public, elected officials, and agencies.

The Public Workshop combined with media coverage and contact will provide the widest possible dissemination of information about the Reevaluation process.

Documentation of the public involvement efforts will provide FDOT sufficient data to meet Federal Highway Administration requirements.
