

# SR 674 PD&E STUDY FROM US 301 (SR 43) TO CR 579

Hillsborough County, Florida

WPI Segment No. 422762 1

## Comparison of No-Build and Recommended Alternatives for SR 674

Evaluation Factors	Effects by Alternative	
	No-Build Alternative	Recommended Alternative
<b>Potential Relocations</b>		
- Business relocations	0	8
- Residential relocations	0	0
<b>Total Relocations</b>	<b>0</b>	<b>8</b>
<b>Noise Sensitive Receiver Impacts (number of sites)</b>		
- Noise sensitive receivers affected	0	32
<b>Impacts on Potential Historic Resources (number of locations)</b>		
- Historic Resources within the Study Area	0	5
<b>Natural Environment Effects (acres)</b>		
- Total area of wetland involvement in acres	0.00 ac	1.28 ac
- Total area of floodplain encroachment in acres	0.00 ac	1.08 ac
<b>Potential Contaminated Sites Involvement (number of sites)</b>		
-Potential contaminated sites adjacent to the Right of Way	0	3 Medium
<b>Estimated Costs (today's value in millions of dollars)</b>		
- Right of Way acquisition cost (including ponds)	\$0	\$28.42 Million
- Construction cost	\$0	\$26.22 Million
- Engineering cost (15% of Construction Cost)	\$0	\$3.93 Million
-Construction engineering and inspection cost (15% of Construction Cost)	\$0	\$3.93 Million
<b>Total Cost</b>	<b>\$0</b>	<b>\$62.50 Million</b>
